## **Inorganic ions**

- 1. Which ion is essential for the growth of healthy roots in a plant?
  - o calcium
  - o potassium
  - phosphate
  - o nitrate
- 2. Which ion is essential for bone growth in mammals?
  - o magnesium
  - calcium
  - o potassium
  - o sodium
- 3. Which ion has an important role in energy transfer and storage in mammals?
  - phosphate
  - o chloride
  - o iron
  - o magnesium
